1. Introduction

Getting approval for a building permission application from the concerned department is a time consuming process, which also involves a lot of manual effort. To reduce the effort and time taken for the process, **Building Plan Approval System** is being introduced which allows easy online submission, verification and approval of building permission applications.

The Client Portal enables the portal users to register into the system and submit the building permission application, which will be verified by the concerned department user and then approved/rejected. The portal users will get the time to time status update by email and SMS; also they can view the status of their applications with the help of search option.

Portal User: The architect/applicant who submit the building permission application for approval.

2. User Registration

To access HOBPAS system, use the URL provided and the following Citizen Portal Home page will appear.

Click on the **Sign Up** icon to register as public user. The following Public User Registration page will appear.

This page allows public user registration. Only the user who has registered as public user can access the citizen portal. Here user can enter the personal details and login credentials for citizen portal.

Enter the details as explained below to register as a public user.

- **Individual:** Choose this option, if user registration is to be done for individual use.
- **Government:** Choose this option, if user registration is to be done for government.
- **Name:** Select the salutation from the dropdown list and enter the name of the user to be registered as public user. This will be displayed only if you have chosen **Individual** option.

- **Date of Birth:** Enter the date of birth of the user. This will be displayed only if you have chosen **Individual** option.
- **Designation:** Enter the name of the government official to be registered as user. This will be displayed only if you have chosen **Government** option.
- **Organization Name:** Enter the name of the organization. This will be displayed only if you have chosen **Government** option.
- Provide **Contact Information** of the user as follows,
 - **Address**
 - **Mobile Number**
 - **Email ID**
 - **State**
 - **District**
 - **Taluk**
 - **Village**
 - **Pincode**
 - **Supporting Documents:** User can upload the supporting documents, if any by clicking the **Browse** button.
- **Desired Login Details:** Specifies the login details of the user.
 - **User Name:** Enter either email address or mobile number as user name for login.

In case of Mobile No., only enter your 10 digit mobile number. Do not add +91 prefix.

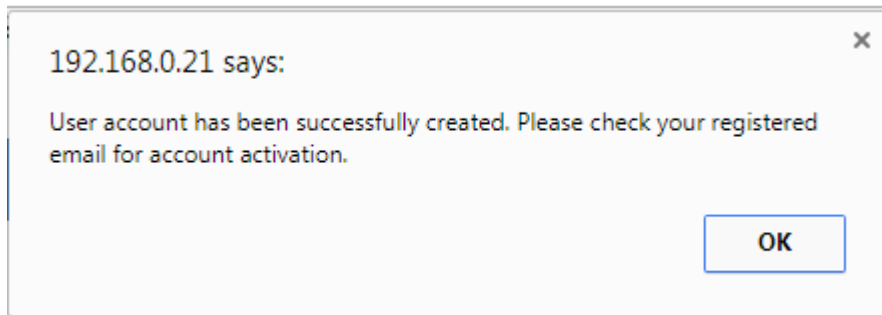

- **Pass word:** Enter a password for login.
- **Confirm Password:** Enter the password again to confirm.

*The given email address/mobile number and password can be used as **User Name and Password** while login to the Citizen Portal.*

- **Hint Question:** Select a hint question from the list in order to reset the login details, in case the user forgets.
- **Hint Answer:** Enter the answer for hint question.
- **Contact Person's Identification Details:** Here provide the identification document details.
 - **Type:** Select the type of identification document such as Passport, Driving License, PAN Card, EPIC No. or Aadhaar.
 - **Number:** Enter the number of identification provided.
 - **Choose File:** Browse and select the identification and **Upload** it in to the system.

- **Add:** Click on this button to add the identification details entered.
- **Save:** Click on this button to save the Public User details.

On saving a confirmation message will pop up which says user account is successfully created.

To activate the user account, go to the email and click on the activation link provided by the system on user registration. After successful activation, user can login to the system and assign architect to continue building permit application submission.

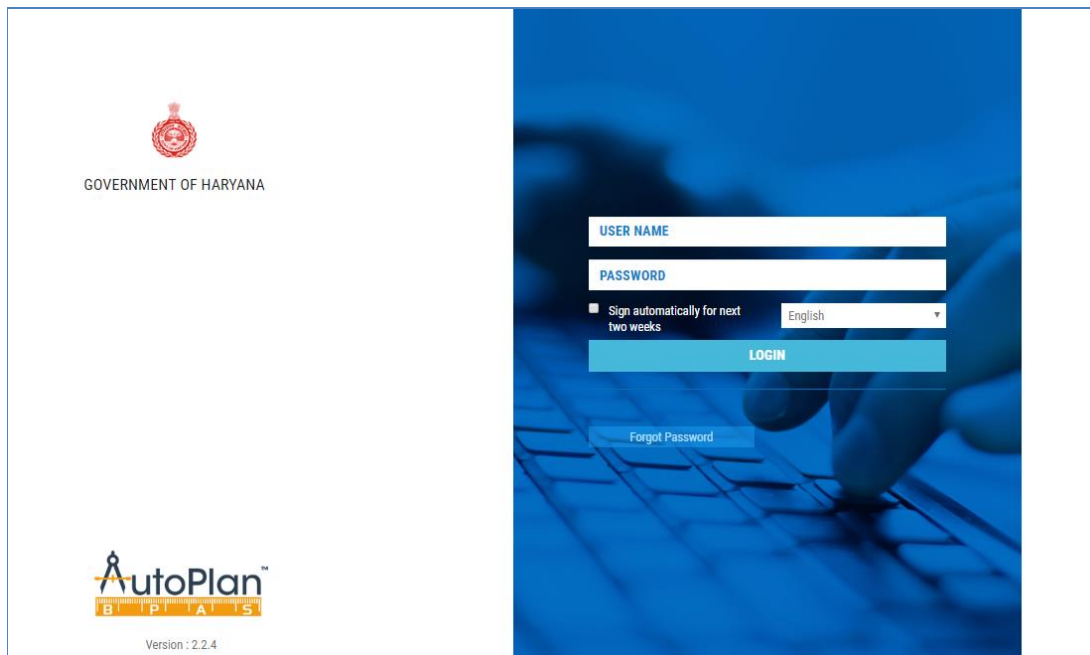

NOTE: Once the activated user has submitted the Building Permit Application, he/she cannot further be registered as Technical Person.

3. LOGIN

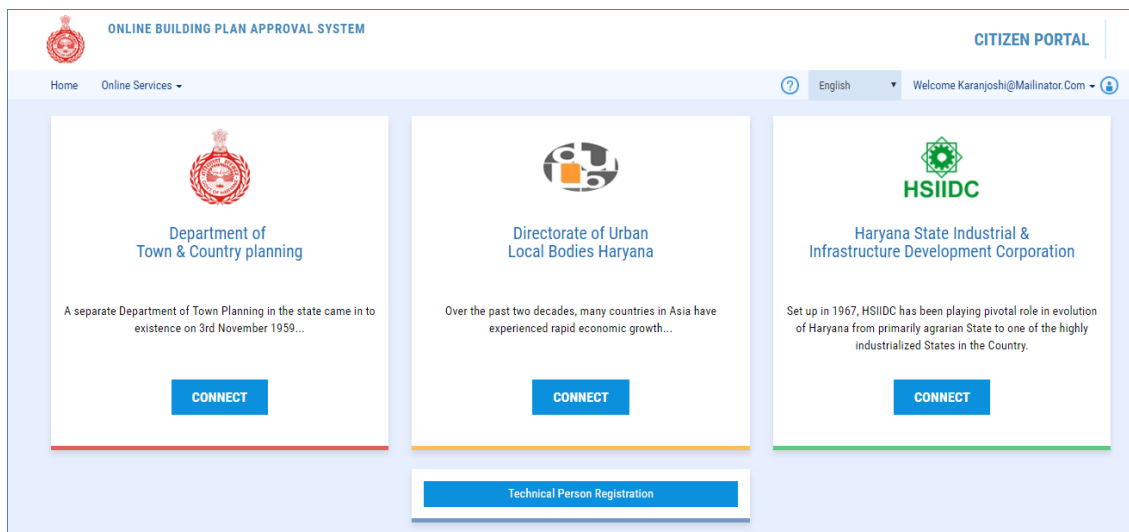

To login to the system, enter the username and password and click on the **LOGIN** button.

The email address and password entered while Public User Registration can be used as username and password.

NOTE: The user cannot login until their account has been successfully activated.

After successful login, the user will be redirected to the client portal common landing page as shown below.

4. Technical Person Registration

This option allows public user to register as technical person. Any public user can register as a technical user, who may belong to below listed categories.

- Architect
- Structural Engineer
- Electrical Engineer
- PH Engineer
- Site Supervisor

There are two types of Technical Person Registration,

- New Registration
- Already Registered ULB

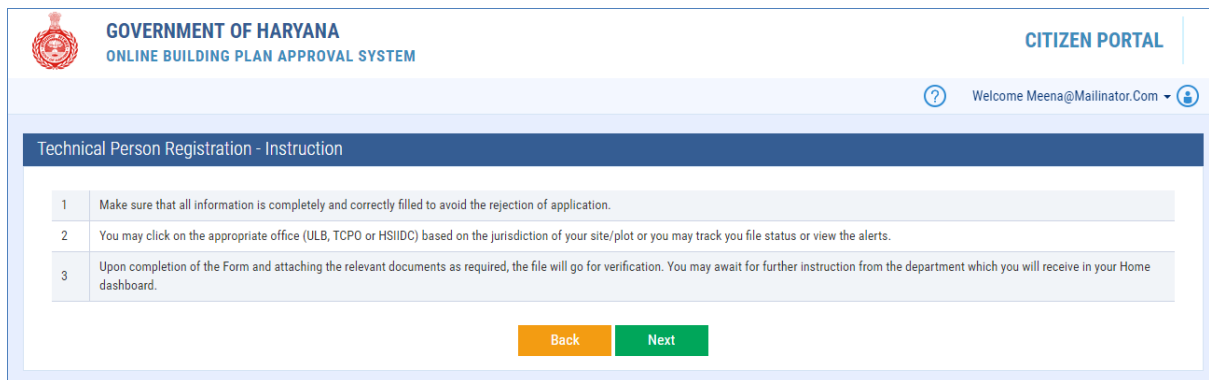

If user is not already registered, the application will be send to the specific workflow assigned in order to approve the technical person. Once application is approved, client user can download the license from the portal.

For already registered architect / structural engineer, enter the License number and after verification, system will automatically approve the application and user can download the license from the client portal itself.

In order to register as Technical Person, click on **Technical Person Registration** button.

The screenshot shows the 'CITIZEN PORTAL' interface for the 'ONLINE BUILDING PLAN APPROVAL SYSTEM'. The page includes a navigation bar with 'Home' and 'Online Services' menus, a language dropdown set to 'English', and a user greeting 'Welcome Karanjoshi@Mailinator.Com'. The main content area displays three service cards, each with a logo, title, brief description, and a 'CONNECT' button. The 'Technical Person Registration' button is highlighted with a red rectangular box at the bottom center of the page.

The following page will appear.

The screenshot displays the 'CITIZEN PORTAL' interface for the 'GOVERNMENT OF HARYANA ONLINE BUILDING PLAN APPROVAL SYSTEM'. The user is logged in as 'Meena@Mailinator.Com'. The main content area is titled 'Technical Person Registration - Instruction' and contains three numbered instructions:

- 1 Make sure that all information is completely and correctly filled to avoid the rejection of application.
- 2 You may click on the appropriate office (ULB, TCPO or HSIIDC) based on the jurisdiction of your site/plot or you may track you file status or view the alerts.
- 3 Upon completion of the Form and attaching the relevant documents as required, the file will go for verification. You may await for further instruction from the department which you will receive in your Home dashboard.

At the bottom of the instruction list, there are two buttons: 'Back' (orange) and 'Next' (green).

Read the instructions for Technical Person Registration and click **NEXT** to continue.

Disclaimer

I hereby undertake that in case any action is initiated by Govt of Haryana, I will not process any building plan application thereafter. In case of failure to do so Govt of Haryana shall be at liberty to initiate any action against me.

Enter the details as explained below to register as a technical person.

- **Department:** Select the department to which the technical person is to be registered.
- **Office:** Select the office to which technical person is to be registered. After selection, the particular technical person will come under the selected office.
- **Technical Person Type:** Select the type of technical person from the dropdown list.
- **Applicant Details:** Select the type of applicant to be registered as technical person.
 - **Name:** Select the salutation from the dropdown list and enter the name of the user to be registered as a technical person.
 - **Address:** Enter the address of the firm which the user represents.
 - **Email:** Enter the email address of the user.
 - **Mobile No:** Enter the mobile number of the user.
- **Qualification Details:** Provide the qualification details of the user.
 - **Qualification Type:** Select the type of qualification this user possessed.
 - **Qualification Details:** Enter the educational qualification of the user.
 - **University Name/Board Name:** Enter the name of the university/board from which the user has attained the specific qualification.
 - **Certificate No.:** Enter the number of certificate.
 - **Year of Passing:** Enter the year of passing.
 - **Attach Copy of the Certificate:** Choose the file and click on **Upload** button to upload the copy of the certificate.
 - **Add:** Click on this button to add the qualification details entered.
- **License Number:** Enter the license number of the user.
- **COA Number:** If the user is an **Architect**, enter the council of architect number.
- **Valid Up to:** Select the date up to which the license is valid.
- **Work Experience:** Here user can provide the previous work experience details.
 - **Organization Name:** Enter the name of the organization in which user has work experience.
 - **Organization Type:** Select the type of organization in which user has work experience.
 - **Address:** Enter the address of the organization.
 - **State:** Select the state in which the specified organization is located.
 - **Pin Code:** Enter the pin code of the city.
 - **Telephone No.:** Enter the telephone number of the organization.
 - **Year From:** Select the year from which user has experience in the specified organization.
 - **Year To:** Select the year up to which user has experience in this organization.
 - **Role/Position:** Enter the role/position of the user in the specified organization.
 - **Add:** Click on this button to add the work experience details provided.
- **Supporting Document:** User can attach the supporting documents here.

- **Choose file:** Browse and select a file which is to be uploaded. The file can be any supporting document to identify the user as a technical person.
- **SAVE:** Click on this button to save the technical person details.
- **PROCEED:** Click on this button to proceed to the fee preview page.
- **CANCEL:** Click on this button to cancel the registration.

After submission, this will be send to the specific workflow assigned in order to approve the technical person.

5. Building Permit

This option allows user to apply for a new building permit approval certificate. The building permit can be submitted to a particular office and option to upload the client utility file generated from Author application will be available. Before submitting the application, user has to do application fee payment through online payment or upload the challan. The application can be submitted only after verifying the fee payment by department user.

Types of Applications

There are two types of Application Submission:

1. Normal Application
2. Fast Track Application

Normally Low Risk categories (plotted residential and commercial sites having maximum permissible height upto 15 meters and area upto 1000 square meters; industrial buildings (all sizes and height)) considered as Fast Track Application and this will be approved automatically without Document Verification, NOC Submission and Site Inspection.

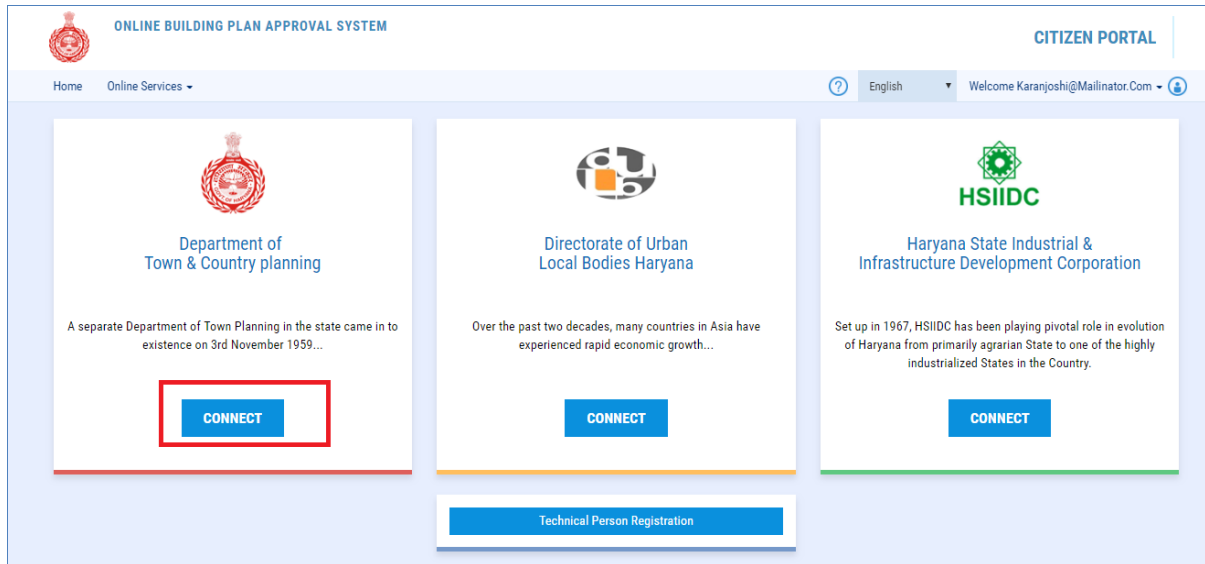

Building Permit Approval Application Submission process is different for below mentioned department,

The Building Permit Approval Application has to be submitted separately to the below departments,

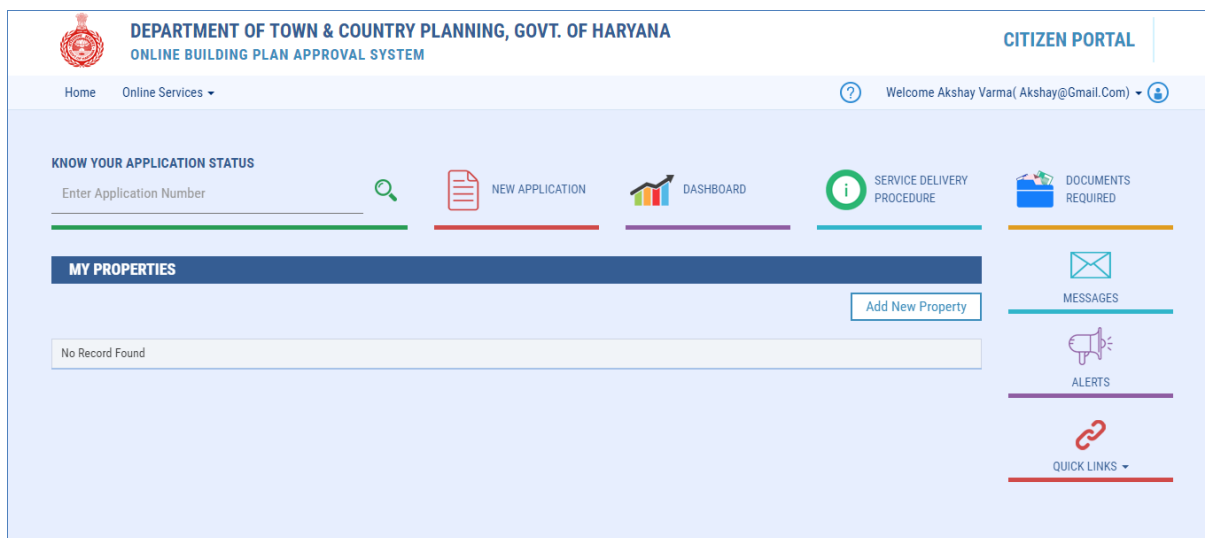

- Department of Town & Country planning
- Directorate of Urban Local Bodies Haryana
- Haryana State Industrial & Infrastructure Development Corporation

5.1. How to submit BP application against TCPO?

In order to submit building permit application to **Department of Town & Country planning**, click on the **Connect** button corresponding to Department of Town & Country planning option.

The following home page will appear.

Click on **Add New Property** button to add property details of the user.

The following page will appear.

User can select the District and Office to which building permit application is to be submitted. Click **NEXT** to continue.

Sl. No.	Instruction
1	Make sure that all information is completely filled to avoid the rejection of application
2	Please keep the scanned copy of all documents which needed to be submitted along with this application
3	The drawing file should be prepared for submission by using Author Utility, which available with registered architects/Engineer
4	You will be required to upload the *.apz file which will be scrutinized by the system. You may create the file using AutoPlan Author or send the AutoCAD (dwg) file to support.hrbpas@gmail.com with your contact details so we can make the drawings as needed.
5	File in dwg format should contain the following drawings: A site plan as required by Code 3.2\n Building plans, elevations and sections as required by Code 3.4\n Structural drawings (for record) as per Form BR-V(A1) or BR-V(A2) Fire safety design as required under National Building Code or under Haryana Fire Services Act, 2009, if applicable Heating, Ventilation, Air-Conditioning (H.V.A.C.) service plan wherever required Public health services plan

Read the instructions for applying building permit approval certificate and click **NEXT**.

User will be redirected to the **Land Selection** page as shown below. This page helps to select the type of land use as **Licensed** or **CLU** corresponding to which application is to be submitted.

Building Permit - Land Selection

Select Land Type
 Licensed CLU

Case Number: GO License Number: Add

Selected License Numbers

District Gurugram	Purpose Commercial Licence in residential Zone	Developer Name Bal Prada Info Services Pvt Ltd
Town GURGAON-MANESAR	Sector 56	Colony JMD GUR-56 CIR

Certified that the plot number, plot boundary, approach road, gate position etc., as approved in the zoning plan by DTCP, Haryana has been adopted without any modification, whatsoever.

In case any discrepancy is noticed at any point in time, I understand that the building plan approved shall be liable for revocation and its restoration to its original form and hereby bear the entire responsibility for such revocation intended by the Department officers/ officials regarding any loss suffered by any one in this regard.

By affixing the password, I confirm the above

Confirm Password:

Enter **Case Number/CLU Number** and click on **GO** button and the corresponding land details will get populated in the remaining fields. Then select the **License Number** and click on **Add** button.

After entering the details, user has to accept the declaration and enter the **Password**.

Click **Proceed** button to continue the process. The following page will appear.

On successful login by the architect, following home page will appear.

The screenshot shows the HOBPAS Citizen Portal interface. At the top left is the Government of Haryana logo and the text "GOVERNMENT OF HARYANA ONLINE BUILDING PLAN APPROVAL SYSTEM". At the top right is "CITIZEN PORTAL" and a user welcome message: "Welcome Robin V (Robin@mailinator.com)".

Below the header are three main service cards:

- Department of Town & Country planning:** Includes a description of the department's history and a "CONNECT" button.
- Directorate of Urban Local Bodies Haryana:** Includes a description of economic growth and a "CONNECT" button.
- Haryana State Industrial & Infrastructure Development Corporation (HSIIDC):** Includes a description of its role in industrialization and a "CONNECT" button.

At the bottom of these cards is a "Technical Person Home" button.

IMPORTANT: COMMON USER/APPLICANT/TECHNICAL PERSON

You have successfully registered and logged-in, into the system. You are now a registered user of HOBPAS. If you have logged-in, in the capacity of an applicant, the process stops here. You can access status of your application, alerts etc. in the dashboard given in the respective department by clicking on "CONNECT". You may apply for Building Plan Approval, based on the submission files, drawings and instructions received from your registered Architect or Engineer. You may click on the appropriate office (ULB, TCPO or HSIIDC) based on the jurisdiction of your site/plot or you may track you file status or view the alerts.

IMPORTANT: TECHNICAL PERSON

If you are a Technical Person (Architect, Engineers, Supervisor) as per definitions given in Haryana Building Code 2017, you may need to get a further registration as a Technical Person in HOBPAS. This involves providing your qualification, experience and other credentials, and getting it verified. Further, if you are an Architect, you may need to provide additional information on COA number and its validity. Please ensure that the fees for COA is paid and is valid.

This is a unified system involving Town and Country Planning Office (TCPO), Haryana, Department of Urban Local Bodies, (DULB) Haryana, and Haryana State Industrial and Investment Development Corporation, (HSIIDC) Haryana, Architects and Engineers need to register only once to apply/practice within these three departments.

If you have an existing registration with any of the ULB, we have simplified the process. You may click on DULB and select the appropriate office where you are already registered and provide your details with attachment of required documents. The verification will happen without much effort. This may still take some time depending on the office selected.

If you are not registered with any of the offices, you may do so now by clicking on "Technical Person Registration" button.

A new Technical Person Registration page will open which needs to be filled. Upon completion of the Form and attaching the relevant documents as required, the file will go for verification. You may await for further instruction from the department which you will receive in your Home dashboard.

At the bottom right, it says "Powered By IDSi" and "AutoPlan".

Building Permit – Instruction

Read the Instruction before submitting the application and click on **Next** to proceed.

Building Permit - Instruction

1	Make sure that all information is completely and correctly filled to avoid the rejection of application.
2	Upload readable scans of relevant documents as required by the respective department and the latest version of Haryana Building Code 2017.
3	Submitting the online application authorizes BR/BRS I & BR/BRS II on behalf of architect and owner, according to the information provided. Rests of the forms are to be uploaded as PDFs.
4	The drawing file should be prepared for submission by using AutoPlan Author Utility, (available with Architects registered in HOBPAS).
5	Put all the drawings (as required by Code 2.1 - Haryana Building Code 2017), in a single AutoCAD. Make sure to mark all the sheets in the Author Utility before creating the *.apz file.
6	To avoid rejection by the system, make sure to mark all the required parameters, verify and correct your drawing before creating the *.apz file and uploading on the web portal.
7	Input the correct covered area in the Author Utility to avoid delay due to incorrect fees payment.
8	The architect will be required to upload the *.apz file which will be scrutinized by the system.
9	Contact support.hrbpas@gmail.com if you need any help regarding the application process or AutoPlan Author Utility.
10	Update your email ID and phone number to receive regular notifications for your application.
11	Forms BR I and BR II will be automatically generated with the information provided by the applicant in the application and will be considered authorized by the owner and architect when the application is submitted.
12	Approval of Building Plans will never be admissible as the proof of ownership by the applicant.
13	After getting the approval for Building Permit, make sure to submit the DPC certificate and apply for Occupation Certificate before the respective deadlines to avoid fines/penalties.

Enter the **Allottee ID** and click on **GO** button. The system will automatically fetch the land details based on the allottee ID entered.

After entering the details, accept the declaration and enter the Password and click **Proceed** to continue. The following page will appear.

The screenshot displays the Haryana State Industrial and Infrastructure Development Corporation (HSIIDC) Citizen Portal. The header includes the HSIIDC logo, the text "HARYANA STATE INDUSTRIAL AND INFRASTRUCTURE DEVELOPMENT CORPORATION ONLINE BUILDING PLAN APPROVAL SYSTEM", and "CITIZEN PORTAL". The user is logged in as "Welcome Akshay Varma(Akshay@Gmail.Com)". The main content area shows a "Building Permit" section with two tabs: "Building Permit" (selected) and "Occupancy". Under "Building Permit", there are several options with "View" buttons: "BP Consultants(Architect/Firm)", "Application", "Fee", "Scrutiny Report", and "Certificate".

At this step, only the **View** button corresponding to the **BP Consultants (Architect/Firm)** will be enabled. Click on this button to assign the building permit consultant.

From this step, the building permit application process is same for all the departments. Refer [Assign BP Consultants \(Architect/Firm\) and Submit Building Permit Application](#) to continue the building permit application submission.

6. Home Page

After submission of the application form, the user can view the list of all the submitted applications in the home page.

My Application

#	TYPE	APPLICATION DATE	APPLICATION NUMBER	STATUS	DESCRIPTION
